

Healey Bros. Flying L Hereford Sale at Davis, Okla., Mar. 7

Davis, Okla. — Dozens of frame 5 and 6 Herefords and even a few frame 7's make up the featured part of the Healey Brothers annual Hereford production sale at their ranch at Davis, Oklahoma on Monday, March 7th.

Burke and Skip Healey, owners of Healey Brothers Flying L Ranch, are celebrating their 33rd year in the purebred Hereford business with this year's sale. Their "53" offering will feature full possession interests in two of their herd sires who stand 60" at the hip. They are also selling full possession interests in four of their other herd sires as well as 32 yearling prospects.

This year 21 yearling heifers will be featured in the female portion of their offering which is annually one of the best Hereford female sales in the nation. Fifteen producing cows from the herd will also be offered for the ninth consecutive year. The Healeys roll 20% of their producing cow herd each year thus allowing them to continue to incorporate their philosophy of "rolling the generations" in their breeding program.

ICA Legislative Seminar March 2-3

(CONT. FROM PAGE 1)

Wednesday session which is scheduled to adjourn at 4:00 P.M.

A reception honoring members of the 68th Legislature will be held from 6:00 to 8:00 P.M. at the Sanger Hotel, 1007 San Jacinto. The reception promises to be festive as well as informative — food, drink, music and the opportunity to visit individually with members of the Texas Legislature and your ICA friends and neighbors.

Thursday morning it's back to the Trinity Room at the Ramada Inn. Coffee and rolls will be served at 8:00 A.M. Speakers begin at 8:30 A.M. when we will be addressed by State Representative Juan Hinojosa who is sponsoring legislation to remove the exemption for farm and ranch laborers under

Worker's Compensation Insurance. Representative Hinojosa will be available for questions. We will also hear from a representative of the Texas Department of Agriculture and speakers on energy and youth in government. The Seminar will adjourn at noon, leaving the afternoon open for individual activity. We encourage you to take this time to go by the Capitol and meet your Representatives and Senators.

Rooms have been blocked at the Ramada Inn at rates of \$39 for singles and \$45 for doubles. In order to guarantee reservations, we must have them in by February 26. So, please, call Nancy (512/836-1821) and make your reservations TODAY!

Several Big "Ifs" In Cattle Future

(CONT. FROM PAGE 1)

Jan. 1. The outlook for price improvement for beef producers depends on several big "ifs," they said — If signs of economic recovery prove reliable, if supplies of competing meats (pork and poultry) do not expand excessively, if

Inflation and interest rates decline enough to reduce production costs and if producers improve their marketing strategies as much as they have improved their production techniques.

Just how much influence the payment-in-kind (PIK) program will have on the beef industry remains in doubt. Grimes says PIK should not have much impact on the beef industry unless it results in a lot of set aside acreage on which cattle will be allowed to graze. Uvacek says PIK may bring down the cost of feed which could strengthen prices for feeder cattle.

Relerson predicts that total meat supplies for 1983 will be down from 1982, but cautions that a buildup of pork and poultry supplies by the fourth quarter of this year could exert pressure on beef prices because "while people like beef, they respond to the lower prices of pork and poultry."

Purcell says it will be difficult to justify any buildup in the beef herd as long as present demand patterns persist, adding that beef producers need to spend more time on developing marketing strategy and get more comfortable with forward pricing on either a cash or futures basis. He predicts the

national beef herd will stay in the low to long-established producers who own their own land with a solid equity financial context.

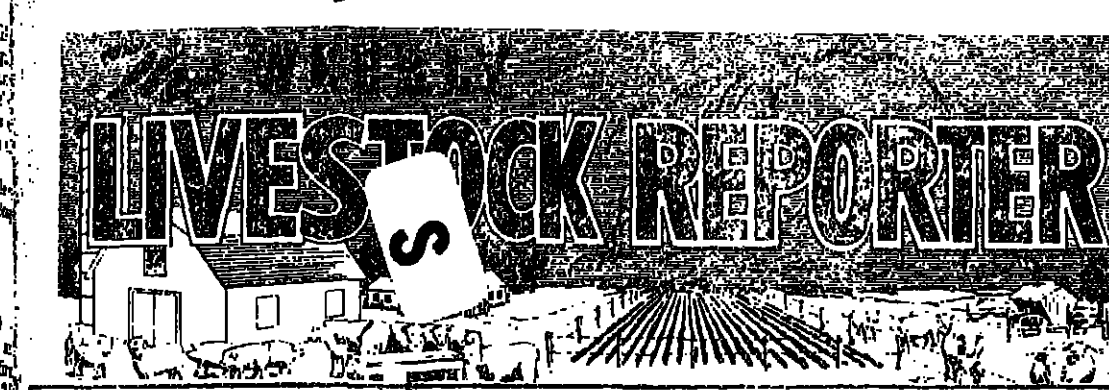

In the fifth in the series of cattle cycle forums held last August, the outlook for the beef cattle industry was seen as "cautiously optimistic" the same group of economists. Now, months later, the same conclusion applies.

The seventh in the series of cattle cycle forums will be held in the Chicago area next August.

Commodity Markets in Broad Retreat as Gold, Oil Prices Drop

87th Year, No. 9 Fort Worth, Texas, March 3, 1983 Thirty-Six Pages

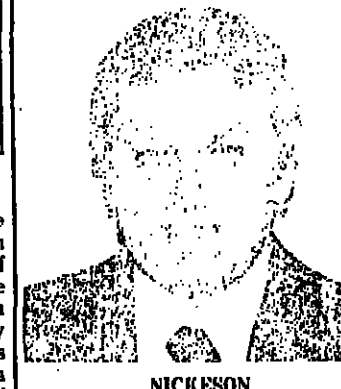

Stuph & Thangs

HERE IS ADDITION AND SUBTRACTION, TOO ...

In our simple minded way we have always figured there were certain truths that were laws of nature and if we were gonna make any progress we needed to realize that business was a two-way street, that nearly every thing that goes up eventually comes down and that a sense of history was a valuable asset in planning which way the economic tide was gonna go.

Recent developments have set these ideas in concrete, or so it appears. Recent history reveals that you can't arm th' country and maintain a welfare state without takin' more and more money outta th' pockets of th' taxpayers. This was demonstrated graphically when the late President Lyndon Johnson tried to fight a war in Viet Nam and also launch th' Great Society. Now, Lo, & Behold!

Beef, Pork Open Lower on Monday

Des Moines, Feb. 28 (F-S) — Central U.S. carlot beef report includes the major production areas in the Midwest and Texas-Oklahoma Panhandle as of 4:00 p.m. Compared to Friday's 4:00 report: Steer and heifer carcasses \$1.00 lower late, some early sales \$2.00 off. Demand and trading light with processors either off the market or bidding lower. Most late trading on a packer to packer basis. The gross boxed beef carcass cut-out value declined \$.58 to an estimated \$108.03 per cwt. Sales reported on 48 loads of steer and heifer carcasses. Panicky Traders, Financial, Processors Firms Seek Shelter as Gold Loses Over \$100 in One Week, Oil Sags

The upheaval in commodity markets continued Monday as the trade endeavored to read the tea leaves left in the oil price declines and the abrupt drop of more than \$100.00 per ounce in gold and precious metals of the past eight days. Virtually all interests from traders to processors were heading for the storm sellers Monday. Reports in this issue of the Weekly Livestock Reporter will chart the progress of the precipitate drop.

It was reported that the European Common Market sent a "stiff" note to U.S. Secy. of State Shultz which threatened "retaliation" if the United States persists in subsidizing exports of the kind involved in the Egyptian flour deal and the prospects of a trade war between exporting nations was much in the minds of all concerned.

Generally American agricultural producers have applauded the Reagan Administration subsidized flour shipment and it had been openly regarded as a show of this country's willingness to play hard ball unless the EEC slows its subsidized exports of farm commodities.

The committees of the General Agreement on Trade and Tariffs (GATT) found against the United States on their complaint that EEC subsidies were in violation of this international trade agreement. Whether the U.S. will appeal this finding was unclear Monday.

Meanwhile the Agriculture Department reported average farm prices in the U.S. rose by 3.1% in February.

In its monthly survey of prices received by farmers, the department said the increase was caused mostly by higher prices for cattle, corn, hogs, chicken and tomatoes. Prices were lower for oranges, barley, cotton and lettuce. Farm prices in February were 0.8% below a year earlier.

Higher prices are good for farmers, whose incomes have suffered because of the depressed value of farm products. However, the increases are passed along as higher prices in grocery stores.

Farmer expenses in February rose 0.8% from January and were 2.8% higher than a year earlier, the Agriculture Department said.

Part of the price increase was due to seasonal factors, said James Donald, an Agriculture Department analyst. Prices normally rise at this time of year because the market isn't as flush with products as it is around peak harvest times.

Additional good news for farmers was reported in Washington as the select revenue subcommittee of the House Ways and Means Committee approved unanimously the bill to make the payment in kind grain program grain subject to federal taxation only after it is actually sold. This bill appears to be on the fast track to enactment and will no doubt enhance chances of great participation in the "crop-swap" program to reduce acreage and surpluses.

Meanwhile there was no word as to how much the OPEC countries planned to cut the price of oil, however, it was speculated that something like \$4 or more per barrel was likely. With the OPEC cartel in general disarray and oil exporters, including the Soviet Union reportedly selling large amounts of oil in Hong Kong to bolster their income in the face of lower oil income, the eventual outcome was likely to mean more trouble for the International Bankers with heavy involvement in loans to foreign countries.

Lower oil prices are generally welcomed by most people in the industrial countries, except the tax collectors, who will lose billions in taxes as the oil price sags. This is not only a national problem since oil producing states in the U.S. and other countries in foreign countries will suffer losses also. Soaring energy prices have been blamed for past troubles with inflation and recession all over the world, and consumers and industries generally

Cash Grain Markets in Flux, Lower

Austin, Feb. 28 (F-S) — Texas Grain Markets: Texas cash grain markets were weak to moderately lower on Monday following a decrease in world precious metal markets, which were caused by the current unstable world oil market situation. Many country and terminal elevators took price protection early in the day to avoid losses.

Prices paid to the farmer, FOB elevator as of 4:00 p.m. (Sorghum per hundredweight; wheat, corn, soybeans per bushel). Area north of the Canadian River: Grain sorghum \$4.70-4.80, mostly 4.70. Wheat \$3.41-3.50, mostly 3.48. Corn \$2.95-3.15, mostly 2.95.

Triangle area from Plainview to Canyon to Farwell: Grain sorghum \$4.65-4.75, mostly 4.75. Wheat \$3.40-3.51, mostly 3.50. Soybeans \$4.60-4.90, mostly 4.72. Corn \$2.89-3.01, (CONT. ON PAGE 13)

STAMPEDE By Jerry Palen

New. And different.

To state it simply, no other family of Herefords offer the exciting new pedigrees, the large frames, the high performance, the moderate birth weights and the level of fertility that Flying L Herefords offer today. In fact, if you have difficulty in choosing in this year's catalog we can't blame you. For instance, six of the bulls have more frame at a year than War Lord and ten exceed Hondo's yearling frame. Eight of the heifers selling have more frame than Solitaire's dam.

The source of these high performing Herefords — the Flying L cow herd — averages 1400 pounds and 52" tall at an average of 4 1/2 years. The herd's average calving interval of 354 days with an average birth weight of 84 pounds attests its productivity. It's little wonder the herd's offspring achieve such performance records.

DRAKE FARMS

*Where sound ideas
become sound investments.*

Drake Farms started with an idea....That idea has been changed and supplemented over the past 20 years and has developed into a very successful investment. The use of high performing, big framed young herdbulls with proven pedigrees on a cowherd that is built on strict performance selection makes the Drake Farms idea work. The results of this idea is an outstanding offering of females that will be sound investments for any program. For an investment in your future, Drake Farms invites you to attend their annual Production Sale....

Don't miss the super 1977 daughter of CRR EMULOUS 26 1. She records BVR's of 101-93-102. She sells bred to CRACKER JACK BAROS SA880 "JACK SON".

A fantastic 2/22/82 show heifer by THOMAS BOULDER out of a daughter of "APPLAUSE". If you want one that can compete in the show ring and make a top broodcow look this one up.

N.E. Texas Simmental To Hold Field Day With Gregory's Bull Sale

The North East Texas Simmental Association will hold a field day in conjunction with Marvin and Betty Gregory's Texas "G" Ranch annual sale on March 12, 1983. This is the second field day the association has sponsored. It will be an educational program directed primarily at the needs of the commercial cattle man.

A seminar will be conducted by Dr. Steve Hammack, Extension Beef Cattle Specialist from the Central Texas District in Stephenville. His subject will be "Cross Breeding Systems." In recent years much research has been done by the Extension system and those results will provide a background for the discussion.

Charles Rollins, cattle judge and auctioneer, 214/876-3304 or Metro 214/299-5332; or George Williams, Auctioneer, 817/665-4087 day or night.

Hides & Offal

North Brunswick, N.J., Feb. 28 (USDA) — The estimated value of hide and offal from the average 1,000 pound slaughter steer for Monday, February 28, 1983 is \$5.05 per 100 pounds live weight, unchanged from Friday.

A group of frogs is known as an army.

tioner, will critique a number of bulls. This is an unusual opportunity to compare bulls, and see in-the-flesh differences.

The association is aware that the more knowledgeable cattle men are, the better selection they will make. That knowledge will help the Simmental breed as Simmental bulls have the double quality of being able to produce both excellent replacement heifers and modern growthy calves for the steer market.

Following the field day, the Texas "G" Ranch will conduct its annual bull sale. Seventy select Simmental bulls, including those used in the field day, will be sold. They will range in age from 13 months to over two years and be from 75% to 100% Simmental. The Gregory herd is certified brucellosis free so the bulls can travel.

The field day and sale will be the Sulphur Springs Civic Center and Fair Grounds in Sulphur Springs, Texas.

Hammack's presentation will start promptly at 9:30 a.m. The sale will begin at 1:00 p.m. Frank Stretcher is a past consignee. Lunch will be served.

For further information, call Marvin Gregory, (214) 885-4882 or 885-5986; John McNally, (214) 882-3727; or Frank Stretcher (214) 687-2388.

Commodities Comment

Week Ending February 25, 1983

This particular market letter is a tough one to write since most markets are at a crossroads. I say crossroads because huge price declines in precious metals and a few other markets occurred this week and that could spell

serious trouble for the "bulls" in any type of market. The gold and silver markets hit price levels unseen for over 11 weeks. Keep in mind that most markets have moved in unison since late fall. The only market not seeming to be in trouble is the stock market. I wonder if that will last?

On the Chicago Board of Trade the grains were rather mixed in price until late in the week. The huge price break in silver and gold finally spilled over to wheat and beans pushing prices to levels achieved 5 to 6 weeks ago. Corn prices continue to hold strong but I'm still skeptical about that. The charts look tired and a correction to lower levels appears underway. I like the sidelines on the grains at this time.

The Mercantile Exchange saw much lower pork prices this week. Everyone is expecting large increases in the

March Pig Crop Report. I'm not a high rate of slaughter and because of feed costs over the past several weeks suggest to me there is no great reason in the near-term. I like the side of all the meats. Buy the bread, be careful! The other markets (grains, metals, stock, etc.), could put pressure on livestock.

The precious metal markets are serious trouble. I have witnessed several times that a sharp setback followed and it is underway. Silver has fallen over \$2.00 per ounce in the past five days. Other metal markets have followed suit. The current price level in metals is one of the most severe in long time. Lower prices are all possibility.

Which Way From Here?

The overall market psychology has been bullish for all markets since the summer and fall of 1982. This price action could spell a change of pride on the part of the public. A very nervous trading behavior of any market (except livestock) is several weeks and now my feeling is justified. If you are a "bull" be market at this time I suggest you sit

aside.

The current market sell-off is much larger and of a longer time than anyone believes. This is a typical exhaustion collapse and "Panic Break" all rolled into one. By March my guess is that many "bills" will have been slaughtered!

If you would like further information on speculation or hedging please call Jerry F. Welch at 314-721-8200. Mr. F. Welch, Prudential Bache Securities, 231 S. Dearborn, Suite 1400, St. Louis, Mo., 63106.

Central Texas Beefmaster Assn. Meets, Elects New Officers, Directors

Lampasas — The 4th Annual meeting of the Central Texas Beefmaster Breeders was held Saturday, February 19, in Lampasas, Texas. The CTBB is a chartered satellite of the Foundation Beefmaster Association headquartered in Denver. Represented in the attendance at the meeting were 15 breeder members, 4 new members, and a number of guests and visitors interested in the Beefmaster breed of cattle.

The meeting, which included election of new directors for 1983-86, was presided over by Stuart Dixon of Matador. Elected new directors were Ronald Ranly of Lott and Sam Shurtliff III, of Lampasas.

During the meeting of the Board of Directors, which followed the General Membership meeting, Ranly was elected President for 1983; Sam Shurtliff, Vice-president; and Gordon Chapin of Lampasas continued as Secretary-Treasurer. Further business saw the appointment of Roy Wilson of Florence to fill an unexpired term as a director for 1983. The membership of CTBB covers a broad section of Texas from Amarillo to Hebbronville, Dallas to Brownwood.

In fulfilling the organization's stated aims "of engaging in local activities for the improvement and promotion of Beefmaster cattle", CTBB has sponsored educational, marketing, and social events each year with plans to continue to do so for 1983-84. In addition to plans for local activities, the membership was also advised of the plans for the Annual meeting of the FBA in San Angelo, Texas, for March 17-20, 1983, and encouraged to attend.

West Texas Hereford Assn's Combine for Consolidated Sale

The Texas Hereford Association through its President, Randall C. Jackson announced today that preliminary arrangements were completed on December 5, 1982 for a consolidated bull sale in 1983. The West Texas Hereford Association, the Sweetwater Hereford Association and the Big Spring Hereford Association had previously approved and arranged a committee to perfect a consolidated bull

sale. They left the door open for the Anxiety IV from Snyder to join the venture if they desire.

The committee elected Malcolm Patterson as Sales Chairman and designated the President and 1st Vice-President of each of the three participating associations to be members of sales committee. The committee set the 1983 date as Monday, December 5, 1983.

Jackson expresses delight that organizations in the state were making this kind of effort toward consolidation.

Healey Brothers Flying L Ranch, are celebrating their 35th year in the purebred Hereford business with this year's sale. Their '83 offering will feature full possession interests in two of their herd sires who stand 60" at the hip. They are also selling full possession interests in four of their other herd sires as well as 32 yearling prospects.

This year 21 yearling heifers will be featured in the female portion of their offering which is annually one of the best Hereford female sales in the nation. Fifteen producing cows from the herd will also be offered for the ninth consecutive year. The Healeys roll 20% of their producing cow herd each year thus allowing them to continue to incorporate their philosophy of "rolling the generations" in their breeding program.

Copies of the sale catalog which is annually acclaimed and recognized as one of the best industry's model performance catalogs may be obtained by writing Healey Brothers Flying L Ranch, Davis, Okla. 73830 or calling 405/869-2711.

Double J Sells Donors to Flat O, Guerra Brothers

Laneville, TX — Jabe Johnson, owner of the Double J Ranch near here, has announced the sale of 5 of his best producing Red Brangus Cows to Flat O

Cattle Company and Guerra Bros. Ranch, at Port Aransas and Linn, TX. "At the recent Red Brangus Bonanza Sale, hosted by the Hasteds, Double J had the high selling female, Miss Double J 1676, selling to Senesa Ranch for \$10,000, a new record for a Red Brangus Pair. Also for the past two years the Double J Ranch has consigned the top selling heifers to the East Texas Memorial Red Brangus Classic. The Guerra's and Flato's have purchased these heifers and now also have purchased the dams of these top selling heifers to go into their Donor Program. Also included in the package are the dams of the two outstanding Red Brangus 420 and 320, bred and raised by Double J Ranch and now being used extensively in the Double J and Lambremont Breeding Programs," stated Johnson.

The Flato — Guerra Donor Herd consists of the pick of the Senesa Ranch and Oakway Herds (co-owned with Oakway Farms), these Double J Cows, and 5 of the most productive Cows in the Guerra Bros. Herd. They feel that with the addition of these Johnson Cows, they now have a very good genetic base to further prove the great \$400,000 EXTRA Bull. The next offering of Johnson females will be at the East Texas Memorial Classic to be held on May 28, 1983.

Swayne Ranch, 659 Set Red Indu Brazil World Record

Linn, TX — The Guerra Bros. of Linn, TX have announced a recent sale of a one-tenth (1/10) semen interest in their Sr. Herd Sire, 659, to Bud and Phyllis Swayne of Denison, TX, for a Red Indu Brazil World Record Price of \$50,000. This places a World Record Value of \$50,000 on this popular Red Indu Brazil Herd Bull, according to Guerra. Guerra also stated that "last Fall three 659 daughters accumulated 23 Championships at five Shows. The Championship progeny of 659 have already established exceptional standards of quality, price and demand. At less than 5 years of age, he has indeed become one of the Premier Sires of the Brahman World and will soon be the first Red Indu Brazil to enter the prestigious Register of Renown. Bud Swayne remarked, "our decision to go with 659 was based largely on the high quality and extreme consistency of his calves. This consistency is particularly evident when one considers the widely varied types of Brahman cattle both in pedigree and physical qualities" from which these sons and daughters are produced. We feel that this is the mark of a great bull."

The Guerra's believe that with the Swayne's Cow Power, their determination and enthusiasm for the Brahman breed and this investment in 659 Bull Power, that they will definitely become a major force in the Red Brahman Industry during the 1980's. Sonderegger Takes Maine-Anjou Awards At Houston Show

Sonderegger Maine-Anjou of Westcliffe, CO, dominated the National Maine-Anjou show at the 1983 Houston Livestock Show by taking home trophies for both the grand champion bull and female. Calberta Chinoak was the champion bull and SDR Saquero won the female honors. Jamie Crow, a 16 year old Crawford FFA student, exhibited the reserve champion female, Jerrima's Pride, and Couty Line Maine-Anjou, Castell, won the reserve bull award with Mr. County Line 188. The reserve bull had been a previous winner at the Fort Worth and San Antonio shows. Knic Overpeck of Clinton, IN, judged the Maine-Anjou show and went with Sonderegger for the pair of heifers, pair of bulls, and best four head. 7H Ranch, Mertzson, won the senior get-of-sire, and Nor-Tex Farm, New Braunfels, had the junior get-of-sire winner. Other champion honors in the female division were: champion heifer calf, Tom Lady SP, Cornie Ranch, Canada; reserve champion heifer calf, 7H Miss Sarose, Mark Beuprez, Yuma, CO; reserve summer heifer, pending, Melvin Norfleet, Tyler; reserve junior champion heifer, Top View Spartan, Laureen Stealy, Cleveland. In the bull show, the other champion honors were: bull calf champion, MPT Commander P30, Cornie Ranch; reserve bull calf champion, M&M Maine Pride, M&M Livestock, Canada; reserve summer bull, SDR Nacho, Sonderegger Ranch; reserve junior bull, Mr. River Ridge 55N, Cornie Ranch; senior champion bull, SDR Maximum, Sonderegger Ranch; and reserve senior champion bull, Cinco Epinal 5M, Cherokee Ranch, Jacksonville, TX. Class winners in the Houston Maine-Anjou show were: Miss Nor-Tex SP, Nor-Tex Farm; Miss Nor-Tex 69N, Nor-Tex Farm; Ma Red Queen, Marcus Crow, Andrews, TX; Nor-Tex Pride Up 4P, Nor-Tex Farm; Mr. County Line; Top Notch Exotic, Harrah, OK; and Calberta Captain, River Have Ranch, Harne, TX.

Jerrima's Pride, owned by Jamie Crow, was the reserve champion Maine-Anjou female of the 1983 Houston Livestock Show.

A "little ear" on feeder calves has become an important marketing factor in recent years.

Some feeders are demanding that their order buyers select calves with some Brahman in their genetic make-up.

We think one of the best tools available to put a "little ear" on your feeder calves is to turn out a **Beefmaster bull**.

Contact the N.B.A. for a list of breeders who have breeding age Beefmaster bulls for sale.

It's Performance That Counts
(If they don't perform it don't count.)

It's Performance That Counts And You Can Count On Billy Harry Brangus For Performance
Performance should be the corner stone of a breeding program and that's why we place our emphasis on birth weights, weaning weights, yearling weights and weight per day of age as well as the calving ease, milking and mothering ability of the Dam when we are making our breeding decisions.

Stuph & Thangs

(CONT. FROM PAGE 1)

here we go agin. Th' Reagan Administration is tryin' to rebuild th' Defense establishment and cut taxes at th' same time.

Accordin' to our simple arithmetic zero plus or minus zero is still zero. It jist can't be done.

This same sort of thang is what makes those folks we smillingly refer to as Economists look so weird. It appears you could shake up a hundred economists in a jar and draw 'em out one at a time, and you would have at least 110 diffrent opinions. Th' same sort of confusion reigns among those folks we smillingly refer to as our Business Leaders. These fellers got used to th' fact that what somethin' cost made no never mind. All you had to do was add on to th' price and th' profit would be there and th' public would have to take it or leave it and in th' case of any necessities they had to take it.

Now, we see that this whole Opera has changed. Business & Labor and Politicians have discovered we are in a new ball game. Their arithmetic was simply all addition. They been operatin' like there was no sich word in the vocabulary as subtraction. But, they are findin' out th' hard way there is a two-way street here and that simply tacklin' more and more onto th' prices is a good route to a wreck.

We have never understood how workers with a firm that is runnin' downhill at breakneck speed can consider it wise to call a strike. Some of th' biggest businesses in this country and in th' world are in th' worst tight they have been in in memory, yet they and some of th' employees figger they can keep up with simple addition and thangs will work out.

We are in th' midst of a shakeout, worldwide, and as long as we let th' politicians try to run our business enterprises, we are in a heap of trouble. There have to be limits as to how much red ink we can absorb. There has to be a bottom to th' barrel, regardless of how much th' spenders and taxers think it aint so.

Th' violent rearrangement of money values, commodity values and every thang else takin' place right now should be evidence enough to convince some of these people that a change of direction is underway and we all had better be nimble if we expect to come out ahead. There is another old sayin' that keeps rattling around in our head and this deal between General Motors and Toyota is a good example. If you caint beat 'em, join 'em!

Ever thine,
 The Editor.
 P.S. Uncle Dunk claims if you think thangs aint changin' jist look what happened in Chicago, a black Democrat Harold Washington whupped Ma. Byrne and there aint enough left of th' old Daley Machine to say grace over. Thangs are in a sure nuff disarray fer th' old liners up there. Folks who keep sayin' Pres. Reagan is a "new" kind of feller jist aint been payin' attention. Some of his recent fast footwork simply reminds those who study their history of those days when he jousted with a top-heavy Democratic legislature in his days as California's Governor! - Thassall, Brother!

Feedlot Trade Opens Very Slow, Mixed

Amarillo, March 1 (F-S) - Trade moderate in the Panhandle area Monday. Slaughter steers steady to 50 higher; heifers steady. Sales of 5,200 slaughter steers and 1,500 heifers, 7,600 head sold for the week to date. Steers:

TPHA All Female Sale Date Set

Rio Vista, TX - Plans are in the making for the All-Female Polled Hereford Sale to be held March 11, 1983. The sale will be held in the North Central Texas area with the exact date to be announced later.

Reasoning behind an all female sale is the good demand seen for females in the fall sales that have been held. With numbers being decreased last summer due to the pasture shortage a demand is seen for females, including both Polled Hereford and F-1.

For information contact the Twp. Polled Hereford Association, Box 9, Rio Vista, Texas 76083, Ray Mann, 817/873-2524.
